Protection**  
From viruses  
and bacteria

Hand disinfection spray  
150 ml

Art. No.: RP0019

The hand disinfection spray from LogiLink enables you to disinfect your hands quickly and thoroughly. Due to its high effectiveness you have a 2-fold protection, because the spray kills bacteria as well as enveloped viruses (such as corona or influenza viruses). The RP0019 is made in Germany.

#### Application:

Thoroughly clean and dry hands before use. Spray the contents of the spray onto the palms of the hands from a distance of approx. 15 cm and distribute thoroughly by rubbing until the hands are completely wetted.

For a bactericidal effect, hold palms completely moistened for 30 seconds and for a virucidal effect for at least 60 seconds.

The spray can be used several times a day, as required. Avoid eye contact with the active ingredient. Do not inhale spray.

#### Features:

- » Ready-to-use hand disinfection spray for human hygiene
- » Perfume- and dye-free
- » Bactericide
- » Effective against enveloped viruses (corona viruses, influenza viruses)
- » Content: 150 ml
